Areas of expertise / experience:

dicentra's Food Safety and Quality division provides consulting and auditing services to help your business develop, implement and maintain your food safety and quality program. Our expertise applies to all product categories from farm level to manufacturing of finished foods and packaging materials. We have a highly experienced team with knowledge on the Safe Food for Canadians Act (Canada), Food Safety Modernization Act (US), GMP, HACCP, SQF, BRC, FSSC 22000, CanadaGAP and much more.

Company Information:

dicentra is a contract research organization and professional consulting firm that specializes in addressing all matters related to safety, quality and compliance for all product categories in the life sciences and food industries.

We evaluate, implement, and provide all the necessary support for your products and operations, allowing you to gain market access while building confidence in your brand. We achieve this through our four business divisions:
