Week of: September 14 - September 20, 2023

Transportation and Infrastructure	<p>Information related to the Raleigh Street Underpass constructed around 2018. At that time, 2 sets of automated controllers were installed (4 in total), ostensibly to open / close access on demand for emergency vehicles. However, while the new perimeter highway overpass was commissioned and put in use, the arm controllers were never completed as they were missing the actual arms that prevent unauthorized access by vehicles. Please provide the following information related to these arm controllers:</p> <ol style="list-style-type: none">1) Why were these installed but never completed?2) What is the plan for completing the work and making them operational?3) What is the total amount spent for the arm controllers, including installation?4) What is the name of the contracting company that installed the controllers? <p>Date range: Plans were drawn between 2014 to 2017, construction in 2018+.</p>
Transportation and Infrastructure	<p>All materials related to the St. Mary's / southern perimeter highway redevelopment including: All CAD design files. Results of bid tenders. Environmental reports. Total cost to date and total budget. Including breakdown of costs. Date range: last 10 years.</p>
